OHIO ALERTS TRAINING

Learn more about utilizing Ohio's public notification systems.

OHIO'S PUBLIC NOTIFICATION SYSTEMS

Through the support of its member organizations, the Ohio AMBER Alert Advisory Council provides a course tailored for communication and dispatch personnel, and enforcement officers who respond to calls where an alert may be applicable.

Training provides information on:

- Alert activation process,

- Alert activation criteria for each type of alert,

- Critical information to be obtained by first responders,

- Alert entry into LEADS and other regional information sharing systems, and

- Resources available to your agency.
